

After 20 years of employment with a previous provider, Paul joined Unicorn Centers. Although initially he was not sure he would have the same opportunities, he quickly made friends and expanded his horizons. Paul has an excellent sense of humor, a good work ethic, and is the most outgoing fellow you could ever meet. Paul recently completed the Head Start Program, Unicorn's newest program to develop independence. Those were long and hard days but Paul really stuck with it. Paul is an active member of a local Alhambra Club, and in fact, has helped chair the Annual Zoo Day several years in a row.
